Liveblogging TMA - Season 2 - MAG 76-78

“The only thing in those eyes was violence. Carnage.”

THE SMELL OF BLOOD :

Oh my god, Melanie is back. Please, please tell me this is when she spills the beans about Not-Sasha.

~~~~~

AND SHE FUCKING DID THANK GOD !!!!!

Like, yes, really good story, very intriguing and all of that, but I legitimately can not think of anything right now other than the fact that Jonathan is finally ready to investigate it. I am. So glad.

Actually, I think I might even be tearing up a bit, out of sheer relief.

Although, I will take a note on war spirits. Guess this is from the same concept as The Piper.

## THE KIND MOTHER :

“There is a stranger claiming to be my mother.”

AND THE TRUTH HAS ARRIVED !

Finally, I legit am close to tears right now, oh this feels great. Fuck.

Anyway, a new church where nothing good happens, and the “NotThem” people actively killing everyone in their entourage except for the ones that remember, who only ends up traumatized and like they’re going crazy, which is ... Fun, I guess.

Search

The mention of a new concept, as well as the fact that there ARE different aspects to them represented by different oddities. This being said, let’s try and list off all of the episodes who

might have had been impacted by The Stranger. (Also, that name lowkey makes me giggle because, like. Called it.)

- “*Across the Street*”
- “*Thrown Away*”
- “*Strange Music*” (?)
- “*Anatomy Class*”
- “*Lost and Found*” (?)
- “*Infestation*”
- “*Tightrope*” (?)
- “*The Kind Mother*”

I don't know if I missed some or not. I find it difficult to pin down the areas that The Stranger would touch upon, considering how ... Vague the description is.

I have to say, my heart goes out to Jon, once again. The man just can't catch a break, and he now has to deal with the fact that a friend of his is most likely dead, that someone took her place and that he never even noticed. This is just. Ouch.

And now he has to figure out how to kill it. I somehow don't see Jonathan as someone that would kill, or even fight, that much. Runnin away screaming, that I can totally imagine it, confront the creature with sass and conversation, that too, we've seen it happen, but attack one ?

I am worried about this one.

And considering just how much he lost the trust of the people around him, if it doesn't go well and he gets found out for trying to murder “Not-Sasha”, things could very well take a turn for the worse.

Here's to hoping it doesn't come to that.

## DISTANT COUSIN :

... Jon ?

Jon, sweetie.

JON !?!

Jonathan whatever the fuck your middle name is Sims PUT  
THAT FUCKING AXE DOWN I SWEAR TO FUCKING GOD-

***DAMN IT !!***

~~~~~

“And now I see you.”

This is. Fine. This is fine. Totally fine.

Except that it really fucking isn't Jon what THE FUCK was going
through your head ?

Well, you know, other than anger, and paranoia and despair, and
all that while being sleep deprived. He didn't think much at all,
did he ?

And now, Michael is giving him a door ! Sweet escape. Except
for the fact that, you know, Michael hunts down the people that
go there.

Fuck.

FUCK.

Ok, so of course I'm gonna put the two last part of the season
together, so this is all for this post, I guess.

The quote of the post will be *not* be from TMA, because I am mad at it, so here is one from Martin Luther King :

“There is nothing more dangerous than sincere ignorance and conscientious stupidity.”

End Liveblogging.
